Summer Boot Camp for Written Language - Summer 2020

Within a virtual dynamic small group setting via teletherapy, students will develop improved written language skills using a multi-sensory language based approach. Drama techniques such as improvising, role playing and video modeling will facilitate an exciting and collaborative atmosphere in order for the children to develop their own script.

This boot camp will take place over a three week period for one hour per day. A certified and licensed speech and language pathologist will co-facilitate this intensive written language therapy program.

Two three week sessions are being offered with dates and time individualized based on student availability:

Boot Camp groups are formed according to chronological age and grade.

Contact Mara H. Lane at 847-291-0700 or at mara.lane8@gmail.com for registration information.
